Dear Mr. Lambert:

The Division of Water Pollution Control (division) acknowledges receipt of the changes to your nutrient management plan in our office on November 24, 2010. In conjunction with the Tennessee Department of Agriculture, we have reviewed these changes and have determined that no changes to the terms of your permit are required. As such, you may immediately begin to implement these changes. If any further changes to your nutrient management plan are necessary you must notify our office and receive approval prior to implementing those changes.

If you have questions, please contact the division at the Columbia Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Ms. Erin O'Brien at (615) 253-2245 or by E-mail at Erin.O'Brien@tn.gov.

Sincerely:
